2025 Sponsorship Proposal

A Partnership Opportunity
with PLCS Foundation

About PLCS Foundation

We All Win When Local Kids Thrive

Kids in our community shouldn't struggle with access to educational opportunities, though many do. Even here in our thriving suburban school district in Nebraska's fastest growing county. New homes, busy roads and office buildings sprout up like corn stalks where families farmed not many years ago. Great schools attract families to the area. And many of our most prized traditions center around school activities, games and performances. High quality public education sparks innovation that fuels personal and community growth. Any way you look at it, PLCS strengthens our community and its people. The PLCS Foundation exists to keep that innovative educational tradition alive and flourishing for all kids, regardless of their current circumstances.

Our Foundation's Beginning

Community volunteers started the Foundation in 1986 to address a need for quality before-and after-school care for working families. Out of that need grew the popular Kids Club program in every elementary school. Volunteers then expanded the Foundation as the district's trusted partner to help generous donors support Papillion La Vista students through financial gifts. Today, the PLCS Foundation is a well-established, 501(c)(3) charitable organization that is governed by a volunteer board of directors and managed by a professional staff. We are the only non-profit organization that exists to exclusively help PLCS students – all 12,000 of them – no matter their interests or the schools they attend.

We help Papillion La Vista kids. Period.

Supporting the
PLCS Community Closet

About

Caring for PLCS Kids and Families

The PLCS Community closet offers free clothing, hygiene products, and more to PLCS kids and families. With nearly one-third of PLCS students qualifying for free or reduced lunch, many families have difficulty buying clothing and personal items after covering their monthly bills. Students with financial needs attend every one of our district's 22 schools. Unfortunately, no neighborhood is immune from hardship.
